KATRE

Finnish Incomes Register:

The Incomes Register (KATRE) is a national online database in Finland that will be deployed on 1 January 2019. It contains comprehensive wage, pension and benefit data at the individual level. The information will be reported in real time, within five days of the date of each payment, and individually for each income earner

Katre App:

With Gavdi Incomes Register Connector, business entities can automatically collect required expenses from Concur Expense solution and import them to the Finnish Incomes Register, making compliance easy.

Automated connection from Concur Expense to Finnish incomes register with few steps:

- » Get Katre App account for login
- » Connect App with your company's Concur instance
- » Set up company information
- » Set up connection to HR file if SSN:s are not in Concur Expense
- » Authorize Gavdi for Tax authority and schedule expense processing
